Dear EPS Parents,

The U.S. Department of Agriculture (USDA) has extended the free summer meal program for students through December 31, 2020 or until the funds run out. This program will provide free meals for all Edgerton Public School students in grades Pre-Kindergarten –grade 12 Monday through Friday when school is in session. Students that are taking distance learning through EPS using “Educere” or through EPS teachers are also eligible for this free meal program. Meals will not be delivered, but can be picked up at Edgerton Public School. In order to schedule meal pick up please fill out this form, [Free Meal Sign Up](#). You may also find this on our webpage.

It is important that families continue to fill out the free and reduced lunch applications otherwise known as “Application for Educational Benefits”. This needs to be completed each year because the benefits do not carry over to the new school year. If your family qualifies, you will receive school meals at no charge when this program ends. Filling out this form is also extremely beneficial to our school district because the more students that qualify, the more compensatory revenues our district will receive. We can use this money to help keep our class sizes small and offer opportunities that directly benefit our students.

Thank you.

Keith Buckridge

Edgerton Public School Superintendent
