RE: In town busing

Dutchmen Families,

The first day of school is almost upon us. Needless to say, it has been a struggle this year trying to organize our busing to make it meet the requirements from the state. We feel we have a plan that will meet those requirements and we wanted to share it with you as there will be some changes from the past years.

We have added 3 new routes to be able to fit the students on the buses. The new requirements state that if you are in a Hybrid learning model, which we are, you can only have 50% capacity on your buses. That means for most of our buses we can have between 38 and 42 student's maximum on a bus. In the past we have had around 60 students in the city of Edgerton that we have picked up and dropped off. That will need to change this year. Due to limited drivers and space, we will not be able to pick up all town students. We are asking for your help. If you can bring your student(s) to school, please do so. If you cannot, we ask that your student(s) walk to school. If your child has to have transportation, we will have a few pickup spots in town that they can go to catch a bus. Those are listed on the next page marked on the map of Edgerton. These locations will be the only pick up spots in town. If you need your child to ride the bus, you will need to have them get to one of those locations.

If your child must ride the bus to and from school, please fill out this form, <https://tinyurl.com/y5najlld>. If you don't fill out the form, we will not know if your child will need to ride the bus home. You may contact your child's teacher as well. If they will not ride the bus, there is no need to fill out the form.

If you have any questions, please call the school and I will do my best to help you.

Thank you.

Sincerely,

Keith Buckridge
Superintendent
