## Welcome

Welcome to Edgerton Public School. It is the hope of the faculty and staff that you will have a pleasant and profitable educational experience while enrolled here. We believe that learning is a process that involves the combined efforts of the students, staff and parents. It is our goal to provide the learning necessary to prepare students for their next set of learning experiences and adult living.

This handbook has been developed to provide information on policies and procedures that will assist you in having a good school experience. The purpose of the printed policies is not to limit or stifle the individual, but rather to ensure the safety and growth of all members of our school family.

We encourage students at Edgerton Public School to make use of the opportunities to become a well-rounded person. The academic, social, athletic and fine arts programs exist for that purpose. Use them to your best advantage.

Best wishes for a happy and successful year.

#### **Complaints**

Students, parents/guardians, employees, or other persons may report concerns or complaints to the school district. Complaints may be either written or oral. People are encouraged, but not required, to file a written complaint at the building level where appropriate. The appropriate administrator will respond in writing to the complaining party regarding the school district's response to the complaint.

#### **E-Learning Day Plan**

A copy of the Edgerton publics E-learning plan can be found by clicking this link: <https://tinyurl.com/3jv8b558>

#### **Eighteen-Year-Old Students**

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy and this handbook.

### **Employment Background Checks [\*]**

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

### **Equal Access to School Facilities**

The school district has created a limited open forum for secondary students to conduct noncurricular-related meetings during noninstructional time. The school district will not discriminate against or deny equal access or a fair opportunity on the basis of the religious, political, philosophical, or other content of the speech at such meetings. These limited open forum meetings will be voluntary and student initiated; will not be sponsored by school employees or agents; employees or agents of the school will be present at religious meetings only in a nonparticipator capacity; the meetings will not interfere with the orderly conduct of educational activities within the school; and non-school persons will not direct, control, or regularly attend activities of student groups. All meetings under this provision must follow the procedures established by the school district.

### **Fees [\*]**

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Students may be required to pay certain other fees or deposits, including (not an inclusive list):

- Admission fees or charges for extracurricular activities, where attendance is optional and where the admission fees or charges a student must pay to attend or participate in an extracurricular activity are the same for all students, regardless of whether the student is enrolled in a public or a home school.
- Cost for materials for a class project that exceeds minimum requirements and is kept by the student.
- Security deposits for the return of materials, supplies, or equipment.
- Personal physical education and athletic equipment and apparel.
- Items of personal use or products that a student has an option to purchase such as student publications, class rings, annuals, and graduation announcements.
- Field trips considered supplementary to the district's educational program.
- Admission fees or costs to attend or participate in optional extracurricular activities and programs.
- Voluntarily purchased student health and accident insurance.
- Use of musical instruments owned or rented by the school district.
- A school district-sponsored summer driver education training course.

Students will be charged for textbooks, workbooks, and library books that are lost or destroyed. The school district may waive a required fee or deposit if the student and parent/guardian are unable to pay. For more information, contact your child's building administrator.

## **Graduation Ceremony**

Student participation in the graduation ceremony is a privilege, not a right. Students who **have** completed the requirements for graduation are allowed to participate in graduation exercises, unless participation is denied for appropriate reasons, which may include discipline. Graduation exercises are under the control and direction of the building principal and senior class advisors.

## **Interviews of Students by Outside Agencies**

Students may not be interviewed during the school day by persons other than a student's parents/guardians or school district officials, employees, and/or agents, except as provided by law and/or school policy.

## **Lunch**

### **Cafeteria**

The cafeteria is open to all students and we would like to encourage all students to eat at school. Lunch prices are \$2.40 for students in grades K-5 and \$2.65 for students in grades 6-12. Families that qualify for reduced lunches will receive free meals this year. Anyone who wants an extra milk or who does not eat the hot lunch and would like to buy milk will pay \$.55 per pint. The cost for breakfast is \$1.70 but will be served free to families on the free or reduced meal plan and all kindergarten students. The staff and administration reserve the right to designate areas where students may eat sack lunches and may require students to eat in the lunchroom if they are creating a disturbance or mess. Students will be eating on a rotating schedule. The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. Students are to WALK, not run, to the cafeteria and enter the serving line at the serving counter. Cafeteria lines will move with order and efficiency if you are patient and polite in waiting your turn. In consideration of others, you will leave your table perfectly clean. You are to observe orderly manners in the lunch line. Students are expected to be courteous to fellow students.

The lunchroom management and your fellow students will appreciate your cooperation in:

1. Depositing all lunch litter in wastebaskets.
2. Returning all trays and utensils to the dishwashing area.
3. Leaving the table and floor around your place in a clean condition for others.
4. Students may eat only at cafeteria tables.
5. Students are not to share lunches with other students.
6. Students must purchase lunches by the month to receive them at the student cost. The Edgerton District will use the offer vs. serve method meaning a student must select 3 of the 5 food components offered.

The superintendent will decide as early in the day as possible about closing school or school buildings. School closing announcements will be sent out by the school's student management system (JMC) and on local television and radio stations

## **Searches**

In the interest of student safety and to ensure that schools are drug free, district authorities may conduct searches. Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, when appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

### **Lockers and Personal Possessions Within a Locker [\*]**

Under Minnesota law, school lockers **are** school district property. At no time does the school district relinquish its exclusive control of lockers provided for students' convenience. School officials may inspect the interior of lockers for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

## **Desks**

School desks **are** school district property. At no time does the school district relinquish its exclusive control of desks provided for students' convenience. School officials may inspect the interior of desks for any reason at any time, without notice, without student consent, and without a search warrant.

### **Personal Possessions and Student's Person**

The personal possessions of a student and/or a student's person may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

## **Vehicles on Campus [\*\*]**

### **Patrols and Inspections**

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols

and inspections may be conducted without notice, without student consent, and without a search warrant.

#### **Search of the Interior of a Student's Motor Vehicle**

**The interior of a student's motor vehicle, including the glove and trunk compartments, in a school district location may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to loss of parking privileges and to discipline if the student refuses to open a locked motor vehicle or its compartments under the student's control upon a school official's request.**

#### **Student Publications and Materials**

The school district's policy is to protect students' free speech rights while, at the same time, preserving the district's obligation to provide a learning environment that is free of disruption. All school publications are under the supervision of the building principal and/or sponsor. Nonschool-sponsored publications may not be distributed without prior approval.

#### **Distribution of Nonschool-Sponsored Materials on School Premises [\*\*]**

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes distributing nonschool-sponsored material, subject to school district regulations and procedures, at a reasonable time and place and in a reasonable manner. For detailed information, see the complete "Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees" policy (*Appendix 2*).

#### **School-Sponsored Media**

The school district may exercise editorial control over the style and content of student expression in school-sponsored Media as defined in policy 512 and activities. Student media advisors shall supervise student writers to ensure compliance with the law and school district policies. Students producing school-sponsored-media and participating in school activities will be under the supervision of a student media advisor and the school principal. Expression in school sponsored media or school-sponsored activity is subject to school district editorial control over the style and content when the school district's actions are reasonably related to legitimate pedagogical concerns. School-Sponsored media may be distributed at reasonable times and locations.

### Student Records [\*]

Student records are classified as public, private, or confidential. State and federal laws protect student records from unauthorized inspection or use and provide parents/guardians and eligible students with certain rights. For the purposes of student records, an “eligible” student is one who is 18 or older or who is enrolled in an institution of post-secondary education. For more information on the rights of parents/guardians and eligible students regarding student records, see “Student Records” (*Appendix 3*). A complete copy of the school district’s “Protection and Privacy of Pupil Records” policy may be obtained at Edgerton Public School 423 1<sup>st</sup> Ave W. Edgerton MN

### Student Surveys [\*]

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, and certain physical examinations, see “Student Surveys” (*Appendix 4*). A complete copy of the school district’s “Student Surveys” policy may be obtained at Edgerton Public School 423 1<sup>st</sup> Ave W. Edgerton MN

### Transportation of Public School Students

The school district will provide transportation, at the expense of the school district, for all resident students who live more than 1 mile or more from the school. Transportation will be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break, except in certain circumstances. The school district will not provide transportation for students whose transportation privileges have been revoked or have been voluntarily surrendered by the students’ parent or guardian.

Any student who engages in bus misconduct, as defined in this policy, will be subject to disciplinary measures. A bus driver has the right to assign a student to a seat in order to help maintain order and safety on the bus. Other than assigned seating by the driver, decisions regarding student discipline and consequences will be at the discretion of the administration.

**Consequences for misconduct on the bus include, but are not limited to, any or a combination of the following, based upon the severity of the conduct and the student’s overall discipline history:**

1. Verbal warnings
2. Parent conferences
3. Restitution for vandalism
4. In-school detention
5. Loss of privileges
6. Loss of MSHSL eligibility
7. Suspension from the bus or school
8. Law enforcement notification
9. Expulsion from school

**Repeated acts of misconduct may result in more severe consequences.**

The principal will notify parents or guardians of any suspension of bus privileges. Questions about bus suspensions or other consequences should be directed to the principal or Hedricks Bus Service.

It is the responsibility of the bus company to provide a written report of bus misconduct to the building principal within a day of the infraction. The principal will use the report as the basis to investigate the misconduct and assign consequences as needed. In addition, the school will retain the reports of student misconduct in the same manner as other student discipline records.

**The following behaviors have been deemed inappropriate conduct for the bus/school vehicle. They include, but are not limited to:**

- Spitting on the floor of the vehicle.

- Other offenses not listed here as reported to a school official.

**Consequences for misconduct were explained in the first section of this policy.**

### **DESIGNATED BUS STOPS**

Students will be picked up and dropped off at designated stops. In order to keep the bus on schedule, students should be waiting at their stop. Drivers are not required to wait for a student who is late. Parents/Guardians may request a change in stop for their student provided that the stop is on the existing route and the student is a daily rider on that bus, i.e.: a daily rider who wishes to get off at a friend's house, who rides the same bus, must have parental permission in the form of a note or a phone call to the office before the driver will drop the child off at another location.

Occasionally, students who live in town or are not regularly assigned to a bus may be invited to a friend who lives on a bus route. In order to help identify guest riders the following procedures must be observed:

- Guest riders must have a bus pass from the school office. The office must have a phone call or a written note from the parents with emergency contact information as well as the destination of the guest rider.
- The Principal's office must approve all notes before a student is allowed to ride a bus they are not assigned to.
- The Principal's office will keep the original note and issue a bus pass to the student to present to the driver.
- Guest riders will be limited to a reasonable number (3-4) and approved only if space allows.
- A driver who receives a note that is unsigned or unapproved should contact the office for permission to transport.
- Students without a signed/approved note will not be allowed to ride.
- The bus is not a taxi service and will not deliver students to after school lessons, doctor appointments or other locations that are not normally a student stop on the route. Unscheduled stops are a safety and liability issue that need to be avoided.

If a parent/guardian has a question regarding transportation services, they should contact Randy at Hendriks Bus Company at 507-442-6671. If a parent/guardian has a question regarding this transportation policy or misconduct on the bus, please notify the principal at 507-442-7881.

#### **Video and Audio Recording**

##### **School Buses**

All school buses used by the school district may be equipped for the placement and operation of a video camera. The school district will post a notice in a conspicuous location informing students that their conversations or actions may be recorded. The school district may use a video recording of the actions of student passengers as evidence in any disciplinary action arising from the students' misconduct on the bus.

##### **Places Other Than Buses**

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

## **PART II — ACADEMICS**

### **Alternative Educational Opportunities**

Some students may be at risk of not continuing or completing their educational programs. The school district provides alternative learning options for students at risk of not succeeding in school. Alternative educational opportunities may include special tutoring, modified curriculum and instruction, instruction through electronic media, special education services, homebound instruction, and enrollment in an alternative learning center, among others. Students and parents/guardians with questions about these programs should contact the Brian Gilbertson 6-12 Principal or Shelby Reker k-12 guidance counselor.

### **Cheating and Plagiarism**

**A student who is caught cheating directly may be given a "0" for the work and may be subject to disciplinary action. (*Appendix 5*).**

### **Graduation Honors**

Students will work to compete against the academic criteria for academic honors – not each other. Students may earn the right to wear honor cords during commencement. The following levels of academic honors will be used:

- Graduating with Distinguished Honors – Cumulative GPA average of 3.86 to 4.0
- Graduating with High Honors – Cumulative GPA average of 3.66 to 3.85
- Graduating with Honors – Cumulative GPA average of 3.0 to 3.65

Students that are graduating with Distinguished Honors or High Honors are eligible to speak during the graduation ceremony. If you would like to speak, you must submit a copy of your speech to the Senior Class advisor three weeks prior to the graduation ceremony.

Valedictorian and Salutatorian will be determined at the completion of the 4th quarter/2nd semester and will be announced during the graduation ceremony.

### **Extended School Year Opportunities**

The school district provides extended school year opportunities to a student who is the subject of an Individualized Education Program (IEP) if the student's IEP team determines the services are necessary during a break in instruction in order to provide a free and appropriate public education. For more information on extended school year opportunities for students with an IEP, contact Brian Gilbertson or Keith Buckridge at 507-442-7881

### **Grades**

Students' grades will be reported quarterly during the year. Report cards will sent to parents/guardians via email and are available online through parental login of JMC for review. Online grade reports may be reviewed at <https://edgertonpublic.onlinejmc.com/>

In grade 9, the school begins to compute a cumulative Grade Point Average (GPA) for each student. This average allows a comparison of student performance, and provides the student with a means of comparing his achievements with those of current and future classmates, including those in post-secondary schools. Only those courses offering A through F grades are included in computation of the grade point average. The grade point average is determined by assigning a number of points to each letter grade, and dividing the total by the number of classes attempted.

| <u>Letter Grade</u> | <u>Letter of Achievement</u>        | <u>Grade Point Average</u> |
|---------------------|-------------------------------------|----------------------------|
| A                   | Superior Performance                | 4.0                        |
| A-                  |                                     | 3.66                       |
| B+                  |                                     | 3.33                       |
| B                   | Above Average Performance           | 3.0                        |
| B-                  |                                     | 2.66                       |
| C+                  |                                     | 2.33                       |
| C                   | Average Performance                 | 2.0                        |
| C-                  |                                     | 1.66                       |
| D+                  |                                     | 1.33                       |
| D                   | Below Average Performance           | 1.0                        |
| D-                  |                                     | 0.66                       |
| F                   | Failed to Meet Minimum Requirements | 0.0                        |
| I                   | Incomplete -----                    |                            |

\* If students are enrolled in two or more pass/fail classes they would be ineligible for that semester's honor roll. Students can appeal to Mr. Gilbertson, and Mrs. Reker on a case by case basis prior to the start of the semester.

The State Department of Public Instruction authorizes high schools to grant credits and grades for each semester's work in a class. Thus, grades are given based on the average earned by the student for the entire semester's work. We emphasize that the nine-week period grade merely indicates the student's average at that time. The grading system to be used will be the following except in classes where college credit will be obtained. The instructor in college in the school will have their grading scale listed in the class syllabus.

|    |               |
|----|---------------|
| A  | 94 to 100%    |
| A- | 90 to 93%     |
| B+ | 87 to 89%     |
| B  | 83 to 86%     |
| B- | 80 to 82%     |
| C+ | 77 to 79%     |
| C  | 73 to 76%     |
| C- | 70 to 72%     |
| D+ | 67 to 69%     |
| D  | 63 to 66%     |
| D- | 60 to 62%     |
| F  | 59% and below |

The record book should contain enough marks so that the student can be given a clear picture of his/her average.

### **Final Exams**

Final exam dates for each semester will be set by the office and accounts for 20% of the student's semester grade in grades 9-12. Students in grades 7 and 8 will take a final exam but will count for 10% of the student's semester grade. Students in grades 6 do not have end of semester tests.

### **Incomplete Grades**

A student has two weeks following the end of a grading period in which to complete work in a course for which an "Incomplete" grade was given. Failure to complete the work results in a "0" for all outstanding work. These failing grades are then averaged with the other grades for the grading period and a semester mark determined.

### **Earning Credits**

To receive 1 credit in a full-year course, students in grades 9-12 must successfully complete both semesters. The semester(s) that was/were failed must be repeated at a passing level in order to earn 1 full credit. Semester credit will be weighed as follows for grades 9-12: 40 % per quarter, 20% for final exam. For middle school students in grades 7-8 successful completion of a semester will be 45% of each quarter and 10% of the final exam. If the final mark of a course is a failing one, middle school students may be required to make another effort to master the coursework. Middle school students who fail three units of study for the year may be required to repeat the grade.

### **College Within the School**

This program will allow EHS students to earn both high school and college credits from Southwest Minnesota State University (SMSU) or Minnesota West without giving up their high school experience. To be eligible to take College Within the School, students must meet the following basic program requirement. Students must be in the upper third of the class as juniors and upper half of class as seniors. The District does not recommend students to enroll in these classes if they have a GPA lower than 3.0. Some courses require additional high school course work before students can register. Edgerton will be offering the following **College Within the School** courses the upcoming school year: College Biology, College Algebra, College Pre Calculus, Computer Science, College American History, College Psychology, College Sociology, College Composition and College Speech.

### **Promotion and Retention**

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final.

### **Post-Secondary Education Option (PSEO)**

To be eligible for Post-Secondary Education Options students must meet the following basic program requirement. Students must be in the upper third of the class as juniors and upper half of class as seniors. The District does not recommend students to enroll in PSEO classes if they have a GPA lower than 3.0. Some colleges require the PLAN Test, ACCUPLACER or ACT before you can register for certain classes. It is the student's responsibility to register for classes, get materials, and meet mandated requirements set forth by the college or university. It is also the student's responsibility to arrange an alternate location to complete these courses.

Students may elect to have PSEO courses count as both college credit and high school credit. Grades earned in PSEO courses that count for both college and high school credit will apply

to the student's college and high school GPA. Students will be expected to complete the course to earn high school credit. Students in these classes will **not** receive a multiplying factor of 1.1 towards their GPA. Furthermore, students that withdraw from a PSEO class after EHS's two-week drop period will have a **"W"** on their college transcript and will have an **"F"** recorded on their high school transcript which will, in effect, lower the student's high school GPA. PSEO grades are not weighted on the high school transcript. Please note, in some cases, withdrawing from or failing a post-secondary class may affect the student's ability to complete the necessary credits for high school graduation.

Students may also elect to take a PSEO course for college credit only. Withdrawing from a PSEO, elected for college credit only, will result in a **"W"** on the student's college transcript. In addition, a **"W"** will be placed on the student's high school transcript with a notation from the District that a **"W"** is viewed the same as an **"F"** or a failure to complete the course. PSEO classes taken for college credit only, will not be figured into the student's high school GPA.

The colleges that offer PSEO do not keep EHS informed about student progress or send out midterm progress reports to the school or parents. The student becomes responsible for keeping track of their progress and parents will need to communicate with their child to monitor their progress.

### **Course Registration/Add/Drop**

Students will need to register for six credits per semester unless they have administrative approval. Students will have the first 3 student days of each semester to make any class schedule changes. No student is authorized to change their schedule without the approval of the Teacher(s) involved and either Mrs. Reker or Mr. Gilbertson.

### **Grade Level Classification**

High school students in grades 9-12 will be classified by credits according to the following grade-level parameters:

- Freshman 0.0-5.5 credits
- Sophomore 5.6-11.0 credits
- Junior 11.1 – 16.5 credits
- Senior At least 16.5 credits

### **Academic Honors**

To be eligible for the "A" or "B" honor roll, students must have the minimum GPA as listed below with at least 5 subjects carrying letter grades (A through F), and no incompletes or failures. All subjects in which letter grades (A through F) are given are included in the determination of honor roll eligibility.

- For "A" Honor Roll, a GPA of at least 3.66
- For "B" Honor Roll, a GPA from 3.00-3.65

### **Graduation Requirements [\*]**

Students must meet all course credit requirements and graduation standards, as established by the state and the school board, in order to graduate from Edgerton Public School District ISD581. All students must also pass the state-identified proficiency tests, Minnesota comprehensive assessments, alternate assessments, and/or other applicable tests. Parents may opt out of the statewide assessments for their student(s) by completing the form in *Appendix 12* and returning it to the school district office.

### **Homework**

Homework assignments are made by the teachers. The amount of homework varies by teacher and subject area. The school district asks parents/guardians to encourage their child(ren) to complete homework thoroughly and promptly.

### **Promotion and Retention**

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent's decision will be final

### **Postsecondary Enrollment Options**

Ninth, tenth, eleventh, and twelfth grade students may apply to enroll in Postsecondary Enrollment Options (PSEO) and other advanced enrichment programs. Up-to-date information about the PSEO program will be published on the district's website and in materials that are distributed to parents and students by the earlier of (1) three weeks prior to the date by which a student must register for district courses for the following school year, or (2) March 1 of each year.

Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard or requirement will be counted toward the graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to the Principal's office by October 30 or May 30 to indicate the pupil's intent to enroll in postsecondary courses during the following academic term. A pupil is bound by notifying or not notifying the district by October 30 or May 30. The application form must be signed by the student and his/her parent or guardian. Students wishing to take a PSEO course should contact Nancy Wassink at [nwassink@edgertonpublic.com](mailto:nwassink@edgertonpublic.com)

## **STUDENT RULES**

### **Closed Campus**

There will be a closed campus in place for all traditional students in grades 6-12. Traditional students in these grades will not be allowed to leave school grounds during school hours or over lunch break once they arrive. If it becomes necessary for a student to leave, the administration must receive a phone call (not a note) from a parent before the student will be allowed to leave. Seniors that are in good academic and social standings,

enrolled in 6 classes/Semester and have a first or last period study hall will be allowed to leave campus. Administrative discretion may apply in certain circumstances.

PSEO students are not classified as traditional students.

### **Outstanding Fridays**

Students in grades 9-12 that are in good academic and social standing may qualify for an open lunch campus on Fridays. To qualify, a student must not have any unexcused tardies/absences during the previous week of school. Students with discipline referrals may be subject to a loss of Outstanding Friday privileges.

### **Classroom Conduct**

Students are expected to follow general rules of conduct in order to maintain a safe and orderly educational environment. All students have the right to learn and all teachers have the right to teach.

The following rules of general conduct are to be obeyed:

### **Parent Right to Know [\*]**

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who is not highly qualified.

### **PART III — RULES AND DISCIPLINE**

#### **Attendance [\*\*]**

Regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students, and establishes regular habits of dependability. For detailed information, see the “Student Attendance” policy (*Appendix 6*).

#### **Bullying Prohibition [\*]**

The school district is committed to providing a safe and respectful learning environment for all students. Acts of bullying, in any form, by either an individual student or a group of students, are prohibited on school district property, at school-related functions or activities, on school transportation, and by misuse of technology. For detailed information, see the school district’s “Bullying Prohibition” policy (*Appendix 7*).

#### **Buses – Conduct on School Buses and Consequences for Misbehavior [\*\*]**

Riding the school bus is a privilege, not a right. The school district’s general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked.

The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and for riding on a school bus.

While waiting for the bus or after being dropped off at a school bus stop, all students must comply with the following rules:

While riding a school bus, all riders must comply with the following rules:

- Follow the driver’s directions at all times.

- Do not damage the school bus.

Consequences for school bus/bus stop misconduct will be imposed by the school district under administrative discipline procedures. All school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

## Cell Phones and Other Electronic Communication Devices

### TELEPHONE

There is a phone located in the office for local calls. Students will not be called to the office to accept a call except in an emergency. Messages will be taken and delivered to the students at the earliest possible time. It is not necessary to make phone calls during the class period. The school will call home in case of a student's illness.

If a student's electronic device (cell phone, iPod, mp3, etc.) should make disruptive sounds while inside the student's locker, it will be considered a violation and shall be treated as if the student was in possession of the offending device.
- Electronic devices may not be used in any manner that will cause disruption to the educational environment.
- If an emergency arises during the school day, the student may come to the office and ask permission to use his/her phone in the office area only to make a call. Students must give a reason to the office personnel why they need to use their cell phones. ## **CONSEQUENCES**

### **1<sup>st</sup> Offense**

- The student's electronic device will be confiscated by the student's teacher or other district personnel and taken to the Principal. The Principal, student, and parent will have a disciplinary conference. The student will receive ISS and other consequences deemed appropriate during the conference.
- Additional offenses will be considered insubordination and grounds for suspension.

Once consequences have been met students may need to turn over cell phones at the start of each day and may pick them up at the end of the day in order to return to school. It is at the teacher's discretion whether or not to allow personal music devices.

Anyone with a "D" or "F" is prohibited to have a personal music device during study hall.

## **Discipline [\*]**

Misbehavior by one student can disrupt the learning process for many other students. For detailed information on the Student Code of Conduct and consequences for violations, see the "Student Discipline" policy (*Appendix 5*).

## **Dress and Appearance**

### **Student Dress and Appearance Policy #504**

The responsibility of proper dress rests with students and parents. Students should take pride in their attire. Common courtesy means appropriate dress, including footwear, be worn at all times. It is expected that students will dress modestly during the school day and at school events. The appearance of students becomes the concern of the school if it causes disruption of the educational program or if it is offensive or inappropriate to others.

Hats are allowed in the building during passing times, lunch times and/or in

classrooms but instructors must be able to see eyes and ears at all times (can't pull hat down to cover face). If a teacher does not permit hats to be worn during a specific activity/presentation/etc..., students must follow this expectation. If a student does not follow the teacher/staff expectation, the behavior referral procedure should be followed.

**Examples of inappropriate dress and grooming:**

1. Clothing, such as hats, caps, and hoods, that are hazardous to students in school activities that may include items such as shop, lab work, physical education, or art.
2. Clothing that is potentially dangerous, such as, but not limited to: studded dog collars, wallet chains or open safety pins.
3. Clothing resembling sleepwear, such as pajamas, slippers, house shoes (unless approved by administration for a special school event).
4. Clothing that does not cover the shoulders or midriff when students are standing with their hands at their side.
5. Clothing that is extremely short.
6. "Sagging" or "bagging" of jeans that does not cover the buttocks.
7. Clothing that has profanity or suggests themes such as alcohol, drugs, sex, violence, or has slogans offensive to the rights of others.
8. Blankets: if a student is cold they may ask a teacher to go get their coat, jacket, or an extra sweatshirt but blankets should not be brought into classrooms.
9. Hoods: hoods should not be worn in the school from the time they arrive until the end of the school day.

**Drug-Free School and Workplace**

The possession and use of alcohol, controlled substances, and toxic substances are prohibited at school or in any other school location before, during, or after school hours. Paraphernalia associated with controlled substances also is prohibited. The school district will discipline or take appropriate action against anyone who violates this policy.

District policy is not violated when a person brings a controlled substance that has a currently accepted medical treatment use onto a school location for personal use if the person has a physician's prescription for the substance except marijuana is not allowed on school property even if prescribed. Students who have prescriptions must comply with the school district's "Student Medication and telehealth" policy. The school district will provide an instructional program in every elementary and secondary school on chemical abuse and the prevention of chemical dependency.

**Harassment and Violence Prohibition [\*]**

The school district strives to maintain a learning and working environment free from harassment and violence on the basis of race, color, creed, religion, national origin, sex, gender identity, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. The school district prohibits any form of harassment or violence on the basis of race, color, creed, religion, national origin, sex, gender, age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability. Detailed information on the school district's "Harassment and Violence Prohibition" policy is included in this handbook (*Appendix 8*).

**Hazing Prohibition [\*]**

Hazing is prohibited. No student will plan, direct, encourage, aid, or engage in hazing. Students who violate this rule will be subject to disciplinary action pursuant to the school district's "Student Discipline" policy. Please see the school district's "Hazing Prohibition" policy (*Appendix 9*).

This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy.

#### Parental Notification & Alternative Activities

Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access.

### **Parking on School District Property**

#### **Students**

The school district allows limited use and parking of motor vehicles by students in school district locations subject to the following rules:

- Parking a motor vehicle on school property during the school day is a privilege;
- Parking is permitted in designated areas only.
- Students are not permitted to use motor vehicles during the school day in any school district locations unless an emergency occurs and permission has been granted to the student by Mr. Brian Gilbertson, Mr. Keith Buckridge or Mrs. Shelby Reker
- Students are permitted to use motor vehicles on the high school campus(es) only before and after the school day;

- Unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

The school district may conduct routine patrols of school district properties and inspections of the exteriors of the motor vehicles of students. Interiors of students' vehicles in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. If a search yields contraband, school officials may seize the item and may turn it over to legal authorities when appropriate. A student who violates this policy may be subject to withdrawal of parking privileges and/or discipline according to the school district's "Student Discipline" policy (*Appendix 5*).

## **Visitors**

Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. For detailed information on the school district's "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" policy, see *Appendix 10*. Contact Brian Gilbertson or Keith Buckridge if you have questions or wish to report violations.

**[NOTE: Specific exceptions to the tobacco prohibition are set out in "Tobacco-Free Environment; Possession and Use of Tobacco, Tobacco-Related Devices, and Electronic Delivery Devices; Vaping Awareness and Prevention Instruction" (Policy 419).]**

## **Vandalism**

Vandalism of any district property is prohibited. Violators will be disciplined and may be reported to law enforcement officials.

## **Weapons Prohibition**

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; airguns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; numchucks; throwing stars; explosives; fireworks; mace and other propellants; stunguns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. The building principal shall, as soon as practicable, refer to the criminal justice or juvenile delinquency system, as appropriate, a student who brings a firearm to school.

unlawfully. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis. For a copy of the "School Weapons" policy, contact Keith Buckridge

## **PART IV — HEALTH AND SAFETY**

### **Accidents**

All student injuries that occur at school, at school-sponsored activities, or on school transportation should be reported to the district Nurse Mrs. Denise Nerem [nurse@edgertonpublic.com](mailto:nurse@edgertonpublic.com). Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

### **Asbestos Management Plan [\*]**

The school district has developed an asbestos management plan. A copy of this plan can be found in the district office

### **Health Information**

#### **First Aid**

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs) in the commons area, Dutchmen's Den, and 2 portable devices. Tampering with any AED is prohibited and may result in discipline.

#### **Communicable Diseases**

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. If a parent or guardian suspects that his/her child has a communicable or contagious disease, the parent or guardian should contact the school nurse or principal so that other students who might have been exposed to the disease can be alerted.

Students with certain communicable diseases will not be excluded from attending school in their usual daily attendance settings as long as their health permits and their attendance does not create a significant risk of transmitting the illness to other students or school district employees. The school district will determine on a case-by-case basis whether a contagious student's attendance creates a significant risk of transmitting the illness to others.

## Health Service

The student health office is staffed by a trained school nurse

Students in grades Pre K-5 who become sick at school should report to their teacher and the teacher will contact the school nurse if needed. In the event of an emergency, 911 may be called as well as the parents. The school nurse or office secretary will arrange for students who get sick at school to go home early.

Students in grades 6-12 who become sick at school should report to the office. In the event of an emergency, 911 may be called as well as the parent. The school nurse or office secretary will arrange for students who get sick at school to go home early.

The parent or guardian must notify the school in the event of a student absence. A telephone message to the school is preferred. The school office is open between 7:30 AM – 4:00 PM, Monday through Friday to call in an absence. If, however, the parent or guardian is unable to call during those hours, voice mail is available. You may leave a message at any time. If a call is not made, a note must be sent with the student when the student returns to school. Text messages will be sent to a parent/guardian whose student has not been excused and is not in school. Calls may also be made to verify an excused absence for the day. **If the school is unable to reach a parent and the parent/guardian fails to notify the school within 24 hours of the absence, the absence will be recorded as unexcused.**

## Immunizations

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations in order to enroll or remain enrolled. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons; laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parents/guardians or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least five years after the student reaches the age of 18. For a copy of the immunization schedule or to obtain an exemption form or information, contact the District office and speak to Denise Nerem at 507-442-7881

## Medications at School During the School Day

The school district acknowledges that some students may require prescribed drugs or medication during the school day. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An "Administering Prescription Medications" form must be completed once a year and/or when a change in the prescription or requirements for administration occurs. Prescription medications must be brought to school in the original container labeled for the student by a pharmacist, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be left with the appropriate school personnel. Exceptions that may be allowed include: prescription asthma medications administered with an inhaler pursuant to school district policy and procedures, medications administered as noted in a written agreement between the school district and parent or as specified in an Individualized Education Program (IEP), a plan developed under Section 504 of the Rehabilitation Act (section 504 Plan), or an individual health plan (IHP). Marijuana is not allowed on school property even if prescribed. The school district is to be notified of any change in administration of a student's prescription medication.

## Suicide Prevention Information

**Suicide and Crisis LifeLine (988 LifeLine), the Crisis Text line. PLEASE CONTACT SHELBY REKER School Counselor for help or more information. 507-442-7881**

## Pesticide Application Notice [\*]

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, an estimated schedule of pesticide applications (which will be available for review or copying at the school office), and the long-term health effects of the class of pesticide on children can be requested by contacting Karlin Van Otterloo at 507-442-7881

## Safety

The safety of students on campus and at school-related activities is a high priority of the district. While district-wide safety procedures are in place, student and parent cooperation is essential to ensuring school safety.

### **SAFETY DRILLS**

In accordance with state law, each school will conduct the following safety drills throughout the school year. Five (5) fire drills, five (5) lockdown drills and one (1) severe weather drill.

### **SAFETY EQUIPMENT**

There are two AED's located in our building, heat sensors, manual-pull fire alarms, automatic sprinkler system, and extinguishers of different types. They have been installed to protect lives and property. It is a violation of state law, the State Fire Marshal's regulations, school policy, and common sense to tamper with, or to activate, any of these protective devices - except in time of emergency. School consequences will be enforced if a student tampers with this equipment. (See section on student discipline)

## Visitors in District Buildings

### **PARENTS and VISITORS**

In an effort to ensure student safety, all parents and visitors need to check in at the office upon arrival. During school hours the entrance to the school is by using the southwest doors (office entrance). Should it become necessary for an individual to accompany a student to school, a parent or guardian must contact the building administrator **prior** to the visitation for approval. Failure to do so will result in the visitor being asked to leave the building. The school reserves the right to determine if the presence of a visitor may be inappropriate for the school setting or a potential disruption. In such cases, the visitor will not be allowed to visit.

### **VIDEO SURVEILLANCE**

The District reserves the right to use video recording as a means to help ensure a safe school. When applicable, video evidence will be used in determining consequences for student misconduct. Video evidence may also be turned over to law enforcement if school officials determine that it will aid in solving a crime. **Parents do not have the right to**

**view video recordings that are used as evidence when investigating student misconduct. The District is obligated to protect the identity (data privacy) of other students that may be present in the video recording of the incident being investigated.**

#### **LAW ENFORCEMENT AND STUDENTS**

There are times when law enforcement will ask to interview students at school for purposes of investigating school and non-school related incidents. Unless the District believes such interviews to unreasonably disrupt the student's educational program, such interviews will be allowed. The District will make a reasonable effort to contact the parent to apprise them of the request and the date and time of the interview.

The School District has no legal obligation to provide parents the notice described above. The School District is prohibited from notifying parent(s) of police interviews conducted in response to a maltreatment of minor complaints.

**2. Distribution of Nonschool-Sponsored Materials on School Premises by Students and Employees [\*\*] [Note: See MSBA Model Policy 505]**

**I. PURPOSE**

The purpose of this policy is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

**II. GENERAL STATEMENT OF POLICY**

- A. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, nonschool-sponsored material.
- B. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board adopts the following regulations and procedures regarding distribution of nonschool-sponsored material on school property and at school activities.

**III. DEFINITIONS**

- A. "Distribute" or "Distribution" means circulation or dissemination of material by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying material, or placing material in internal staff or student mailboxes.
- B. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, or lewd exhibition of the genitals; and
  - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- D. "Minor" means any person under the age of eighteen (18).

- E. "Material and substantial disruption" of a normal school activity means:
1. Where the normal school activity is an educational program of the district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
  2. Where the normal school activity is voluntary in nature (including, without limitation, school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.
- In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.
- F. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays and other theatrical productions, and in-school lunch periods.

  5. advocates violence or other illegal conduct;
  6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religious, or ethnic origin);

- C. Distribution by students and employees of nonschool-sponsored materials on school district property are subject to reasonable time, place, and manner restrictions set forth below. In making decisions regarding the time, place, and manner of distribution, the administration will consider factors including, but not limited to, the following:

  7. whether the materials are a solicitation for goods or services not requested by the recipients.

## **V. TIME, PLACE, AND MANNER OF DISTRIBUTION**

- A. No nonschool-sponsored material shall be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.

  - D. If the person is dissatisfied with the decision of the principal, the person may submit a written request for appeal to the superintendent. If the person does not receive a response within three (3) school days (not counting Saturdays, Sundays, and holidays) of submitting the appeal, the person shall contact the office of the Superintendent to verify that the lack of response is not due to an inability to locate the person.

In order to make any directory information about a student private, the procedures contained in the Directory Information section above also must be followed. If you do not want your child's or eligible student's directory information (including a school district-provided email address) released to military recruiting officers, you also must notify the school district that you do not want this directory information released to any member of the public, including military recruiting officers.]***

5. **Student Discipline [\*] [Note: See MSBA Model Policy 506]**

**I. PURPOSE**

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

**II. GENERAL STATEMENT OF POLICY**

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

**III. DEFINITIONS**

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section [120B.02](#) and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
  2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

## **IX. RECESS AND OTHER BREAKS**

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
  1. a student causes or is likely to cause serious physical harm to other students or staff;
  2. the student's parent or guardian specifically consents to the use of recess detention; or
  3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The

school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.

- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

## **X. DISCIPLINARY ACTION OPTIONS**

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
  - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
  - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before

subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.

4. The definition of suspension under Minnesota Statutes, section [121A.41, subdivision 10](#), does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6<sup>th</sup>) consecutive day of suspension or the tenth (10<sup>th</sup>) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where

it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.

8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
  - a. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
  - b. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.

3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records

pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.

13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

### **XIII. ADMISSION OR READMISSION PLAN**

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

### **XIV. NOTIFICATION OF POLICY VIOLATIONS**

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

### **XV. STUDENT DISCIPLINE RECORDS**

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

### **XVI. STUDENTS WITH DISABILITIES**

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such

assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

## **XVII. OPEN ENROLLED STUDENTS**

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

## **XVIII. DISCIPLINE COMPLAINT PROCEDURE**

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

**XIX. DISTRIBUTION OF POLICY**

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

**XX. REVIEW OF POLICY**

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

7. **Bullying Prohibition [\*] [Note: See MSBA Model Policy 514]**

**I. PURPOSE**

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

**II. GENERAL STATEMENT OF POLICY**

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
  - 1. on the school premises, at the school functions or activities, on the school transportation;
  - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
  - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.
- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.
- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota

Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
  - 1. The developmental ages and maturity levels of the parties involved;
  - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
  - 3. Past incidences or past or continuing patterns of behavior;
  - 4. The relationship between the parties involved; and
  - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

### **III. DEFINITIONS**

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

#### IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. **However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.**
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

## **V. SCHOOL DISTRICT ACTION**

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504

team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

## **VI. RETALIATION OR REPRISAL**

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

## **VII. TRAINING AND EDUCATION**

- A. Consistent with its applicable policies and practices, the school district must discuss this policy with students, school personnel and volunteers and provide appropriate training for all school district personnel to prevent, identify, and respond to prohibited conduct. The school district must establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
  - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
  - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
  - 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;

**I. PURPOSE**

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte or second meals as well as to maintain the financial integrity of the school nutrition program.

**II. PAYMENT OF MEALS**

## Statewide Assessments: Parent/Guardian Participation Guide and Refusal Information

Your student's participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

### Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 public and charter schools. Minnesota prioritizes high-quality education, and statewide assessments gives educators and leaders an opportunity to evaluate student and school success.

#### Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)

MCA and MTAS are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

#### ACCESS and Alternate ACCESS for English Learners

The ACCESS and Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English based on the WIDA English Language Development Standards.

### Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student's learning so they can advocate for their success in school. High school students can use MCA results:

- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.
- For Postsecondary Enrollment Options (PSEO) and College in the Schools programs.

English learners who take the ACCESS or Alternate ACCESS and meet certain requirements have the opportunity to exit from English learner programs.

### Taking Statewide Assessments Helps Your Student's School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions about how to use money and resources to support all students.

### Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form. Contact your student's school to learn more about locally required assessments.

### Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school's ability to be identified for support or recognized for success.

Check with your local school or district to see if there are any other consequences for not participating.

#### Additional Information

- On average, students spend less than 1 percent of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school's website for more information on assessments.

(Note: This form is only applicable for the 20\_\_ to 20\_\_ school year.)

### Statewide Assessment: Parent/Guardian Decision Not to Participate

By completing this form, you are acknowledging that your student will not participate in statewide assessments and will not receive individual assessment results. This form must be returned to your student's school before the applicable test administration.
