## 2021-2022 School Safety Plan for Edgerton Public Schools

Moving forward into the 2021-2022 school year, the Edgerton Public School district will be returning to a fulltime In-Person model with a learning environment similar to what was offered in years prior to the pandemic.

The following sections briefly highlight recommended strategies that reduce the risk of getting sick from or transmitting COVID-19. K-12 schools are encouraged to consider these recommendations when crafting local policies and plans. Minnesota also recommends following the Center for Disease Control (CDC) K-12 guidance found at the link here:

[CDC: Operational Strategy for K-12 Schools through Phased Prevention](#)

To learn about what are known strategies to prevent transmission in schools, school communities are encouraged to review the CDC Science Brief found at the link here:

[Transmission of SARS-CoV-2 in K-12 Schools](#)

The Edgerton Public District will implement mandates and guidelines as issued by the Minnesota Department of Education (MDE), the Minnesota Department of Health (MDH), and the Minnesota State High School League (MSHSL) regarding school and extra-curricular programming.

### Face Coverings:

- It is recommended that all **unvaccinated** people present in school buildings and district offices wear a face covering. This is a recommendation and not a requirement. The school will not require.
- The face covering recommendation does not apply to children under 2 years of age or people of any age who are unable to tolerate wearing a face covering because of a medical condition, mental health condition, or disability.

### Child Nutrition – Meals:

- Meals will be available at school. Students may also bring their lunches as in the past.

### Transportation:

- Regular transportation routes (pre-pandemic) will be used.
- Current public health transportation regulations identify that face coverings are still required while riding on buses. At this time this a requirement, not a recommendation. If this changes from required to a recommendation, the school transportation regulations will be modified.

## Extracurricular Activities & Athletics:

- Each activity/sport will provide parents/guardians and students with guidelines or regulations necessary for their activity/sport if changes occur from normal procedures.
- Season length and number of competitions may be reduced, based on the MSHSL guidelines.
- We will follow all requirements from the MSHSL.

## Safe Learning Plan Review

The Edgerton Public School District will continue to work with local public health to monitor our school health data that includes COVID-19 issues or any other health issue by reviewing policies, practices, and procedures in place to ensure a safe and healthy learning environment exists for all. The school will review this plan quarterly with our local and state health contacts as well as our nurse and administration.
